It was the first day of a summer morning. The warm sun rising above the horizon for the first time since last summer. Nobody had seen berk so beautiful before. It had been a late night for Astrid and Hiccup, Hiccup had gone looking for new islands when Toothless's tail broke. She started getting worried and went out to look for him. The sun shined through the couple's window walking up the sleeping Vikings. "Good morning milady". "I'm still mad at you". "I'm sorry I didn't think anything would happen". "I told you not go it was too dark but you don't want listen to me". "I know I promise I want leave again". "Yeah right you always say thaâ€¦". Astrid was cut off by a gentle kiss on the lips. Astrid had forgotten about it and gave him a kiss in return. "What was that for I thought you were mad at me"? "Yeahâ€¦I was but it's not worth getting mad at". Astrid was too tired to argue with him. "I have to go do some work now I will catch up with you later". "You owe me". "Fine". Hiccup got out of bed and went down stairs to get breakfast when Valka walks in. "Hey son is Astrid here I've been looking for her ". Valka seemed worried. "Yeah she's up stairs why what's wrong". "She's got an appointment with Gothi this morning". "Oh she didn't say anything to me". Hiccup was starting to get a little worried, has something happened that he doesn't know of. "Oh maybe she wanted to surprise you with the news". "What news"? "She's â€¦". "Sorry Valka I forgot all about it". Astrid come running down the interrupting Valka." Oh that's okay I was just about to tell hiccup aboutâ€¦". "We should start going now". "Okay then I will meet you outside". Valka looked a little confused, why was astrid acting that way. "Okay I will see you later then". "whats going on astrid". "Nothing just stuff". Astrid gave him a little kiss on the cheek and left before he could say another word.

"Astrid is everything alright you were acting a little weird before".

"um I was you must be imagining things". "astrid I know when somethings wrong". "Everything is fine". Astrid let a tear letting Valka see. "You haven't told him haven't you". Astrid didn't answer and that's when Valka knew what was wrong. "Astrid you have to tell him". "I can't he's too busy with being chief and and I just can't". "After the appointment you are gonna go find him and tell him". They arrived at gothi's place just in time. Valka knocked on the door no answer, she knocked again no answer. "she must be busy". Astrid hoped. Next minute hiccup walks out with a angry and confused face. "HICCUP what you are doing here". Valka knew why he was here. "Why wouldn't you tell me that you were pregnant Astrid?" "I'm sorry hiccup I wanted to tell you but you've busy with work". "When were you planning on telling me". "Soon, please don't be mad at me". Hiccup opened his mouth but no words come out. "Hiccup please". She tried to grab his hands but he pulled away. "Toothless were going now". He climbed on toothless and left in a flush of an eye. "What have I done"? "Astrid you've done nothing wrong but you should have told him". "I'm so stupid". "You're not stupid, now come on let's get the appointment over and done with".
